LOAN LIMITS: SPECIAL CASES

- PLUS Denials • Determining Aggregate Limits
- Loan Proration • When and Why
- Consolidation • Unallocated
- Graduate to Undergraduate • Determining Aggregate limits

ADDITIONAL UNSUBSIDIZED WHEN PARENT CANNOT BORROW PLUS

"Dependent students whose parents are unable to borrow Direct PLUS Loans... may receive additional Direct Unsubsidized Loan funds up to the same amount that is available to independent undergraduate students." 15-16 FSAH Vol. 3, Ch. 5, p. 3-109

"Before originating a loan for increased loan amounts, you must document the basis of the dependent student's eligibility." 15-16 FSAH Vol. 3, Ch. 5, p. 3-109

"The additional Direct Unsubsidized Loan amount that the student received as a result of the parent PLUS denials... does not count against the \$31,000 dependent aggregate limit." 15-16 FSAH Vol. 3, Ch. 5, p. 3-127

PRORATING ANNUAL LOAN LIMITS

"The annual maximum loan amount an undergraduate student may receive must be prorated when the borrower is:

- enrolled in a program that is shorter than a full academic year; or
- enrolled in a program that is one academic year or more in length, but is in a remaining period of study that is shorter than a full academic year."

15-16 FSAH Vol. 3, Ch. 5, p. 3-113

PRORATING ANNUAL LOAN LIMITS

Prorating loan limits for programs of study shorter than a full academic year.

If an academic program is shorter than a full academic year in length, you must multiply the applicable loan limit(s) by the lesser of –

$$\frac{\text{Semester, trimester, quarter, or clock-hours enrolled in program}}{\text{Semester, trimester, quarter, or clock-hours in academic year}}$$

or

$$\frac{\text{Weeks enrolled in program}}{\text{Weeks in the academic year}}$$

The result is the prorated annual loan limit for that program. (You may express these fractions as decimals to see more easily which is less or to calculate the prorated limit.)

15-16 FSAH Vol. 3, Ch. 5, p. 3-113 

UNALLOCATED CONSOLIDATION AMOUNTS

You **do not** have to review unallocated amounts in NSLDS.

NSLDS does not add the amount of unallocated loans when triggering the 'close to or exceeds aggregate limits' flags.

• See NSLDS Newsletter 11, February 2006. FSAH Vol. 3, Ch. 5, p. 3-109 

GRADUATE TO UNDERGRADUATE

"Only the loans that the student received for the first undergraduate program are included in determining the student's remaining eligibility for loans for the second undergraduate program, up to the undergraduate aggregate limits."

Although loans received for graduate study are not counted toward a student's undergraduate aggregate loan limit, the combined loan amounts received for undergraduate and graduate programs may not exceed the total allowable aggregate loan limits."

FSAH Vol. 3, Ch. 5, p. 3-109 

LOAN LIMITS: SULA

Limits the eligibility of a first-time borrower for Direct Subsidized Loans to a period not to exceed 150 percent of the length of the borrower's educational program

Under certain conditions, the provision also causes first-time borrowers who have exceeded the 150 percent limit to lose the interest subsidy on their Direct Subsidized Loans
