SNG Program Funding

A scenic landscape featuring a large body of water in the middle ground, surrounded by a mix of bare deciduous trees and evergreens in the foreground. In the background, a range of mountains is visible under a clear, light blue sky. The overall atmosphere is calm and natural.

State Need Grant Fund Management

- **From college's allocation:**

- All CBS students full SNG awards.
 - Colleges must forecast based on past trends and current data analysis.
- If a college wants to award dependent care allowance (DCA) awarded from this allocation.

- **WSAC's Management:**

- Goal is to allocate to colleges as many dollars as possible, as early as possible.
 - This means fewer supplemental dollars during the year.
- Typically \$500,000 of appropriation held for foster youth priority and unanticipated awards.

SNG Funding

- College Bound Scholarship
 - Requires mandatory Coordination = all CBS scholars must receive 100% of their maximum SNG unless need/state dollar commitment met
 - Separate appropriation for the CBS portion ONLY – SNG portion is part of your regular allocation so you must plan and project needs for all terms
- State Need Grant – DCA (Dependent Care Allowance)
 - Institution decides to award or not
 - Part of regular SNG allocation (not in addition to)
